Universities and colleges in other countries are exploring Pakistan's educational market. Our organisation, Financial Training Institute (FTI) will be pleased to be of some help in promoting the standard education of foreign institutes in this region. Our professional experience as a foreign education consultant can be of very great help in this connection. FTI can offer an advantage for foreign institutes in having someone on the ground who can introduce foreign institutes and push up in the growing educational market of this region. FTI works very hard to produce the excellent results in foreign education consultancy.

Student Counseling Services is involved in student recruitment, English language training and testing, Educational fairs and outreach activities. Our agency is working in Pakistan for more than a decade for student recruitment.

SCS is an exclusive recruitment partner and country office holder for various educational institutions and in this capacity is extensively involved in screening students, document checking, linkage activity with Pakistani institutions, and keeping partner institutions profile high in competitive education market.

SCS sister organization Institute of Career Development is involved in English Language assessment exams and an Authorized Test Centre in Pakistan. Many of these test takers are also interested in study abroad. So SCS is able to offer English Test preparation and testing for interested students besides taking care of admissions and visa.

Experiencia Overseas is an international recruitment agency located in the Republic of Panama. We began formal operations in 2012, however our experience in recruiting students dates back to 2007 when we were acting as an independent agent advising Panamanian students to choose Canada as a destination of studies.

Experiencia Overseas represents several colleges, universities and educational institutions from Canada. An important component of our work is guiding students through their visa application process. It is important to make an extra effort to help students who study in a language program, post-secondary program or gain skills for a professional career abroad.

We also offer corporate training to Panamanian companies and access to international summer or winter camps to students.

We look forward to hopefully becoming a Recruitment Agency for your School, College, University or Institution in the Republic of Panama.

President / General Manager

LAE international is part of Latino Australia Education, a global network of 30 offices in 11 countries. We are the leader Education agent in Latin America for Australia, sending 3000 in 2012 and representing most Universities, including the Group of 8. We are starting to work with new destination like Canada, USA, UK, New Zealand and Spain. In the first stage, we are interested in developing the Language programs, summer camps and Diplomas.

LAE Lima is based on Peru and we have more than 9 years of experience sending students for English courses, Diplomas, Internships, Undergraduates and Master Degrees. We have strong links with local Universities, where we have developed agreements between Universities. Also, we have a collaboration agreement with the Ministry of Education to promote the new scholarship program for Master degrees in Peru.

IQ Consultancy is one of the leading educational agencies in Russia, founded in 2001. The company headquarters are set in St. Petersburg. There are four branch offices operating all over Russia (located in the cities of Moscow, Novosibirsk, Ufa, Kazan) and one in Kiev (Ukraine). Our three main fields of activities are education abroad, in-company training and language teaching. The department of education abroad offers the following services to our clients: language preparation, consulting in educational programmes abroad, career strategising, programme selection, secondary school and university selection, boarding school placement, language school placement, short professional courses placement, internship placement and other services related to educational programmes abroad. The company is widely represented online. Apart from the main website www.iqconsultancy.ru we have launched several internet projects reflecting our main fields of activities. These are language coaching websites: www.edustaff.ru and www.iqschool.ru; Education in the USA and Canada: http://www.studyinamerica.iqconsultancy.ru;

The company VIVAT was opened in February 2014 in Moscow, Russia. We are young but fast growing. Some staff members have more than 15 years of experience in Education abroad. Last year we send more than 35 students to different countries for short term programmers. We are proud that all our students were really happy with education they've got. This gives us opportunity not only to increase the amount of short term students but also to offer long term programs to our clients as the majority of them are school children who afterwards starts thinking about getting higher education abroad. To do that we visit the schools and universities, organize meetings with students and parents. We also work with vast number of agents all around Russia. The participation in ICEF give us opportunity to offer our students wider range of quality programmers abroad.

We cater to the educational needs of students who are willing to study the desired language abroad, providing them with proper counseling based on their academic requirements. We cater predominantly to Saudi students. They are enthusiastic and willing to improve their communication skills in pursuit of their career goals. We cater to both young learners and adult learners depending on seasons. Our students, aspiring for university programs like Bachelor's Degree, Master's Degree or Doctorates, are able to do so after completing the standard testing requirements like TOEFL, IELTS, etc. We send students to pursue their further education across the globe to countries like the USA and Canada.

The majority of student recruitment conducted by OHISCO/ISET is aimed at tertiary education sectors: University studies, English language learning, training and so forth. We specialize in the recruitment of scholarship students and non-scholarship students from the Arab Region. We also offer support service and further assistance to Arab students available overseas. We provide a comprehensive student recruitment and supervision service. We work closely with Universities and Institutions to market and promote their education throughout the Arab Region - individuals and corporate students. Our strong affiliations with Ministries and scholarship providers means we are able to take these promotions directly to the sponsors of these students. Our fully trained and qualified Student Advisors assist students not only in gaining offers of study with Universities, but expose them to full pre-departure briefings, incorporating multi-media tools. Students are also assisted with Visa applications, travel arrangements and temporary as well as long-term accommodation options.

E&C Overseas Enterprise Co., Ltd. established in 1988 has organized several activities and has held various seminars with the main objective of assisting students abroad and facilitating visa applications. We have worked with numerous foreign schools all over the world to promote their various programs, and also maintained a close relationship with several educational organizations and schools all over the world.

Mr Kenny Yen-Chih Fang

Our General Manager, Françoise Chien, has been actively involved with many educational or immigration organizations such as TOSA/IECA the students recruiting associations or TICA immigration association and hold important positions for both associations. At E&C the trained educational advisors and guidance counselors assist each student. We also visit schools and our students from time to time to ensure the close contact with schools and students. Each student is given several options and is carefully assisted in setting up their primary goal. We assists students so they can simplify their choices and diligently study how each program can consummate their goal.

We have our own language school in Taiwan, with more than 200 students. We help them improve and train in English and Japanese. We are looking to add Spanish or German soon. We help anyone from 7 years to 70 years apply to overseas schools. We counsel them and help them know the surrounding of schools as soon as possible. Now we have more than 50 students study in New Zealand. Some are in Australia, America, and Canada. We want to meet new higher education partners to send our students to.

Founded in 1996, ASBA Education Consulting has provided high quality, cutting edge consultancy to prospective students for the past 20 years. ASBA proudly upholds the highest standards in the industry according to those set forth by the NAFSA Code of Ethics. ASBA is a founding member of UED in Turkey (Association of International Educational Consultants), and is also a partner of A2 International Education Fairs, which organizes college fairs in Turkey, Kazakhstan, Azerbaijan, Cyprus and Morocco. Our counselors share unique perspectives, backgrounds, and a variety of academic, professional, and personal experiences that lend themselves generously to their success as a team. We believe in continuous training and are determined to remain at the forefront of global education by attending conferences, seminars, and campus visits locally and internationally.

At ASBA, our mission is to identify the institution that will enable students to be most successful based on their educational background, test results, budget and future career ambitions. In addition to providing services to our students, we also provide marketing and recruitment consulting services for foreign high education institutions looking to enter the Turkish student market.

Since 2002 BEB has been a leading recruiter of academic students from Turkey. With established offices in the 3 main cities in Turkey, BEB has expanded to establish offices in Iraq, Azerbaijan and Cyprus as well. Already recruiting large numbers of students from Turkey to the UK, BEB is looking to develop its placements to the USA and Canada. With a strong base already through its iStudy brand/division, the intention is to now bring all student recruitment offices under the BEB banner. BEB has a reputation for professionalism and uncompromising standards, supported by a marketing/publishing division and experienced well trained staff. These qualities now allow BEB excellent platform for continuous market development.

Mr Ilyas Kayran
Corporate Communications
Specialist

CDS was established in January 1996 in Ankara. Within a short time, offices all around Turkey opened; Istanbul in 1997, Izmir and Etiler offices in 2006, Kiziltoprak and Kirlareli offices in 2009. CDS is one of the founders of the UED. CDS's main areas of expertise are; placements in undergraduate and graduate programmes, high school transfers, certificate programmes and language schools. CDS chiefly collaborates with the US, the UK, Canada, Australia, New Zealand, Switzerland, Italy, Spain, France, Malta and Bulgaria. CDS staff are professionals who provide students and their families with detailed information about international education options. This team of young, educated, and long-term employees have abroad experience, knowledge of a wide range of school profiles, and a positive attitude - spending sufficient consulting hours with students. Our staff also apply for visas on behalf of our students at most embassies and arrange cheapest possible flights.

Mr Bahadır Celik
Director of Sales and Marketing

Eduport Study Abroad Consultancy was established in Turkey, under the legal name of Eduport Danismanlik ve Dis Ticaret Ltd.Sti, in 2014. The company is based in Istanbul and the head quarter is conveniently located in Kadıköy, the district that is surrounded by many schools, foreign language courses and private tutoring centres. Being also the entertainment district of the Asian part of Istanbul, Kadıköy still holds the most visited and popular district title among young Turkish people and students.

Despite of the fact that Eduport was newly established as a company, its founders have been actively working in the international education management field more than 12 years now. The experience they have gained over these years has given Eduport's founders a unique chance of analysing students' needs and help them enrol into programs that would meet their expectations.

Celebrating the 15th year! We are Turkey's leading educational counseling agency. Since 2001, we've had more than 10000 students whom we have placed at universities (foundation, undergraduate and graduate), language schools, high schools and colleges. Our students have studied in the USA, Canada, the UK, Australia, New Zealand, Malta, Spain, Italy, Germany, China and France. We've been nominated twice as "the most innovative company" both in Istanbul and Ankara by the Young Businessmen Associations. We're the founder of the future of education counseling service, egitim.com, which is the most unique educational website (www.egitim.com). We've opened our 7th office in Turkey. We have also got offices in Kazakhstan. Our website, egitim.com has more than 200 members, 1300 courses on the web and growing day to day! We've proudly announced our new website; eALGlobal.com which is the Russian and English version of egitim.com. eALGlobal is used by our Russian sub agencies and Kazakh offices. If you want to be a part of first Europe's, then the World's upcoming leading counseling agency, please contact us.

GATE International Education is an educational counseling agency located in Adana / Turkey.

Since 1987, as GATE International Education, our aim is to offer the best alternatives to the people who would like to have education abroad and give the best services in this field. All the staff in our agency has experience in the field of education and consultation. We believe that GATE has been a good choice for both international partners and students.

It is important for GATE to lead the students towards the right decision and placement as we consider that it will affect their future and education. For that reason it has been one of our main goals to co-operate with international partners who share our belief about the importance of education.

Our professional and at the same time friendly staff provides quality consultancies on education abroad 24 hours a day by mobile phone and through internet. We answer the applications within 48 hours and give preparatory language courses in Antalya. We also have a translation department and make all translations in our office. In addition to our education consultancy, we also provide visa support and air ticket reservations. We have good relations with high schools in our city and make presentations for students and their parents. We also recruit students through internet and have many students who come to us through the recommendation of their friends.

United Towers Educational Consulting was founded in 2000 with the mission of helping students with accurate, practical and most importantly necessary information on prestigious educational institutions abroad. With its dynamic and innovative organizational structure, UT with offices in Istanbul, Ankara, Izmir, Gaziantep and Manila-Philippines, has become a highly-respected educational consulting company for those seeking assistance with their overseas education. UT provides consulting services and placements for its clients to a wide variety of language, certificate/diploma, undergraduate and graduate programs. We specialize in providing Internship and Work and Travel placements for university students. Since UT's founding, we have been consistent with our mission and have given guidance to thousands of students. We are co-operating with more than 100 universities and 150 private high-schools in Turkey. UT also provides marketing services to international partners/schools to promote their educational programs with a variety of comprehensive methods including educational fair representations, preparation and distribution of informational materials, print media and web advertising services, translation services, visiting local schools and universities and organizing seminars, managing business transactions and providing logistics support to partner organization/school representatives.

Study Tour is one of the leading education agencies in Ukraine in the education field. Our main project is recruiting students from Ukraine to North American Institutions. Also in our plans is to open a branch office in Canada. We have a very close partnership with Ukrainian Universities and we are able to present information to students. In 2016, Education in Canada and the USA will be targeted as one of our priority sectors which means that I will be actively promoting opportunities for Ukrainian students to study in Canadian and American schools and universities.

Youth Exchanges Center (YEC) has been offering Ukrainian youth Cultural Exchange, Work Experience and Language programs since 2004. Recently we have started developing our new direction focusing on education abroad due to the growing interest for study abroad programmes in Ukraine.

Canada, as an educational destination, is of a particular interest for our clients. We are determined to grow in this sector, to launch and develop our cooperation with the Canadian educational institutions and provide high-quality service and support to the Ukrainian students. YEC possesses all necessary components for efficient and successful work, i.e. all required business documents, rich experience, competent personnel, high commitment and strong performance.

Evospash operates and recruits students from Venezuela who are willing to extend their language skills (English-French) or post-secondary studies in Canada. Evospash was created by former international students that understand the needs, the pros and cons of the market. The agency thrives to achieve excellence by engaging personalized assessments in both 'recruitment country' and 'destination country' with a 'total companionship' concept. This means that Evospash services are present in both countries and the assessment does not finish until the student has safely returned to his homeland.

Services provided:
Finding of appropriate course for the student; Registration assessment to the desired institution; Paperwork (Letters of acceptance, special requests from students, expectations); Accommodation; Student Health Insurance; Legal Documentation assessment (country legal permits, Currency exchange policies, Canadian VISA [C-35 regulated assessment]); Airport Pick-up/Drop-off; recognition tour of the city of choice, public transportation, banking, mobile services; Student gatherings to integrate other students from the agency, promote networking and receive feedback; and 24 hour (Emergency) number in Canada.

AIC-Anphat Investment & Consultancy JSC was set up in March 2008 in Hai Phong City. Our major business activities are educational consultancy and English training. We have many advantages in recruiting students because all our counselors have many years of experience in the field of studying abroad, especially in the country using English as the mother language. We have visited Australia, the UK, and New Zealand. Our marketing strategy is to undertake presentation and meeting students, keeping in touch with student and their parents. We do not facilitate the application from any student who does not have a genuine temporary entry or has provided fraudulent documents. We always ensure that the information given to students is ethical and accurate. Therefore we get a high rate of visa approval after years of operation.

Working with priorities for education, AIT bases its business on credibility and integrity – values shared with selected partners. AIT places the student's best, long-term interests at the heart of its recruitment and placement activity. Adhering to strict procedures, AIT provides initial follow-up to enquiries with a wide range of choices and comprehensive, expert guidance. Once a choice is made, AIT seals this through first-rate communications and timely administrative services to its partners. AIT has earned respect and trust in the market during its 18 years of operation, since 1997 – when AIT was a rep office of Vietnam Study Encouragement Association.

We are attending this event to increase the interest in Canadian education in Vietnam. Vietnamese students are very dynamic and their parents are willing to invest in education for their children. This opportunity offers us a better knowledge of Canadian education as compared to books, internet or television. We are looking forward to having a good connection with schools, colleges and universities in Canada to open a new world for Vietnamese students for their future studies. We aim at a long and tight cooperation with Canadian education.

EduBridge Vietnam is located in Hue City and was established in 2013. The company runs its main operations as a study abroad consultancy. We provide students with proper and accurate information about study abroad in the US, Canada, Australia and the UK. 90% of our students go to the US. We help our students to choose schools which are suitable with their knowledge, interest and ability. We also help students plan their study abroad and finish their application documents or admission. Training students in answering questions at the US visa interview is also one of our activities. We sometimes hold seminars so that our students meet the representatives of universities discussing everything in relationship to study abroad.

From 2016, besides the US market, we aim to the Canadian market. We now have some first students who will apply to Canadian institutes from March of this year on.

Worldlinks Education Network was established on October 01, 2014 by a board of founders who are experienced Professors, PhD in Vietnam.

Worldlinks proudly provides active advisory to Vietnamese students who would like to study abroad in Canada. We assist students in their education and resume, school selection and financial schedule profile. We have signed business alliance agreements with many secondary and post-secondary schools in Vietnam to host several education affairs and career orientations; along with counseling students with study plans and scholarships in Canada (7 students achieved scholarships by our support). Throughout our two year operation, we have built strong connections and trustworthy relationships with many educators from Canada, the US, Philippines, etc. proved by agent agreements and business alliance agreements. Based on a firm foundation, Worldlinks plans to expand the business network by establishing more branches in Ha Noi, Da Nang and Can Tho. Our strategic plan is to promote international cooperation in the delivery of continuing education programs between Canadian and Vietnamese institutions.

Jiangxi Glory Overseas Services Co.,Ltd is a company registered in Vancouver, BC, Canada, specialized in providing consulting and services for overseas study and immigration in Canada and the USA.

We have helped many international students to come to study in Canada and the USA. We have branch offices and partners in Shanghai, Guangxi and Jiangxi in China, and we are generating candidates and referrals leveraging our huge network and resources. We have well-developed relationships and a good reputation with schools and government. We have cooperated with institutions in China to recruit students for specifically designed programs in which students first study locally and then have the opportunity to further study in Canada or the USA. Our team includes professionals including registered and licensed consultants and lawyers, staff in our international offices who can communicate in English effectively and are experienced in processing study and visa application documentations. We have established an overseas study training center. We are well positioned to provide our clients with the high level of services they've come to expect from us.

Established in 2000, Ustudy is a qualified agency providing services for Israeli students who intend to study abroad. Ustudy also serves as a consulting body, working closely with its partner schools to create effective marketing campaigns and brand name recognition. Ustudy is able to maximize the school's exposure, reach local students, and facilitate various events in order to meet the school's recruiting needs in Israel. Ustudy offers services for students of all ages who seek expert advice and insight into their international educational opportunities. Programmes are available at certificate, associate degree, bachelor degree, and graduate degree levels. Study options include language, liberal arts, science, film making, finance, engineering, medicine, and law, as well as scholarship programmes, work & study opportunities and athletic recruitment. Our agency has several websites in Hebrew and each one of them is dedicated to matching Israeli students with their intended study programme based on respective regions.

We are an international student agency established in 2009. We have helped hundreds of students from around the world successfully get accepted into various universities.

Our main focus is to help students apply and get acceptance into universities & colleges abroad. We assist them in finding short courses as well as providing access to English language institutions. We provide academic counselors who guide them to make choices suitable to their skills and interests. Unlike other agencies, we support students throughout their studies by providing our continuous advice and counseling services by phone or in person. We speak to key student influencers around the Middle East which helps us to attract and build the trust of students worldwide and we are rapidly expanding our reach. We also provide extra services for students such as internships and work experience if they require. In the near future we plan to strengthen our relationship with the ministries of education in the Middle East. Currently in Saudi Arabia we are working towards a close partnership which will give us an important edge over our competitors.

Litera Agency

I have carried out entrepreneurial activity since 2002 under the Litera Agency trademark. I provide two types of services as part of my activity:
- preparation of documents for travelling abroad (primarily - student visas for foreign students)
- advisory services in the sphere of education abroad

I have extensive experience in the sphere of translation and legalization of educational documents which gave rise to the development of education services. Many students have left to study abroad with the assistance of my agency since 2004.
